

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: January 25, 1996

SUBJECT: **SB 1970 - HB 1970**

This bill, if enacted, will require counties to pay the costs of municipal elections if a court finds that the election has to be held again due to an error on the part of the county election commission.

The fiscal impact from enactment of this bill is estimated to be minimal, since the effect of the bill is to shift some portion of the expenditures currently being paid by municipalities to counties in cases where such an error has been made.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
